

ALL 28 hours in ONE PLACE!

3n1

Meets Florida CE Requirements for **CILB** Contractors, **HI** Inspectors and **MRS** Mold Professionals

CILB Provider #PVD1103 * HI Provider #PVD55 * MRS Provider #PVDR2

Monday, Tuesday and Wednesday THROUGHOUT the State of Florida in 2016

"Phil is one of the best trainers I've ever encountered. He's energetic, well-informed, easy to listen to, so that the hours fly by. It is, by far, the best CE training I've ever taken!"

One full day gets you what you need for your Construction Industry Licensing Board (CILB) license renewal (don't worry, it won't be 14 hours!) Course #0610573.

Dually licensed? Miami Dade, Broward, Home Inspector (HILU) licenses? Extra hours available at class! No need to drive to Miami (extra charges apply)! Instructions provided at class for Broward and HILU. Includes some reciprocity with ECLB, BAID, and BCAI! Call Phil at 786.243.1060 for detailed information.

Please remember to bring your photo ID and license numbers to verify information. Lunch will be arranged on this first day only for \$10 extra.

"This class was so informative and practical that I thought I was actually in the field learning about the industry! It's a winner and I would recommend it to everyone."

Add the next two days and you also get ALL you need for your Mold-Related Services Board (**MRS**) assessor and/or remediation renewal. Course #0000050

This class is specifically designed for the MRSA and MRSR who wants to better understand moisture, thermal imaging and the Professional Practices. Segments include report writing and protocol writing. Our popular practical hands-on training in the sampling process is offered to give more in-depth understanding of the assessment process, lab reports and PRV. **FREE** Lab sampling offered to each student!

Contractor ETC and NORMI want to thank you for considering this class as your opportunity to complete your continuing education requirements in the State of Florida.
